Are you looking for professional child care for your child from 8:30 am to 1 pm? Then you've come to the right place! At the vhs child care, children from 2 to 6 years are looked after in a loving, child-friendly environment. Places at the vhs child care can be booked by parents that attend a vhs course as well as by parents that are looking for child care for their children.

Our many years of experience in this area ensure a competent, trusting and pleasant service for your child.

We have a structured daily routine to give the children reliability and security and to make it easier for them to enter the new kindergarten. Our team excels in love for the job, openness, creativity and flexibility. The focus is on the child's well-being.

Our concept is revised and further developed at regular intervals. The team regularly takes part in advanced training courses.

The care of children from the age of 2 takes place from Monday to Friday (also on daily basis) from 8:30 am to 1 pm and is supervised by pedagogical specialists.

Registration required. For further questions please feel free to contact us.
